RESPONSE

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Responsive to the Office Action of June 30, 2008, Applicants request
reconsideration in view of the remarks presented herein.

The claims in the application are claims 1 to 20, the only claims presented.

Claims 1 to 20 are rejected under 35 USC 103 as being obvious over the Iacopetti
et al patent which according to the Examiner discloses an electrode structure that reads
upon the claimed finger structure for diaphragm electrolytic cell comprising a hollow
body defining an interval volume in fluid communication with a perimetrical chamber
and delimited by a conductive surface with a reinforcing and electric current distributing
internal element constituted by at least one sheet with projections. The Examiner states
